Salem Classical Fencing, a 501(c)(3) nonprofit corporation, wishes to teach fencing to anyone who wishes to learn, regardless of ability to pay. However, we must also be able to meet our expenses. We offer financial assistance to anyone who needs it for the purposes of tuition, equipment, and user fees.

We expect that all students will make some regular financial contribution toward their expenses—however small. We operate on the honor system—i.e. we trust you to honestly use only as much financial assistance as you genuinely need. We do not require proof of financial need. We trust you to be honest in assessing your financial assistance requirements because we know that you will become part of the Salem fencing community.

All requests for financial assistance are confidential. Only the office manager, the head instructor, and the bookkeeping staff are aware of financial assistance details.

For what are you requesting financial assistance? (check all that apply)
